I. Introductions and Welcome

Present: 11 voting members and additional system administrators. See attached list.

II. Approval of Minutes of April 7, 2015, Membership Meeting
Minutes were approved. (Motion: Debbie Sibley; Second: Cliff Theriot)

III. Report from the Chair
See attached document.

There were several questions about the OCLC bill for the ContentDM license. It was indicated that OCLC would not allow month-to-month billing, so the invoice was paid as it was. No one negotiated with OCLC; we were just glad the license could be transferred from LOUIS to the LSU Libraries.

IV. Bylaws Changes
Suggested changes in the marked-up document were discussed. The purpose of the changes was to revise portions that were written when it was assumed the LDC would have paid staff and be a separate entity.

Additional changes were made to create a larger pool from which Board candidates could be pulled. All changes were approved. (Motion: Cliff Theriot; Second: Lonnie Beene)

Brown will make the changes and post the revised Bylaws to the website.

V. Membership Application Form
The proposed membership application (see attached) was discussed. There was some discussion about adding a reference to the LDL collection policy and metadata standards. It was decided not to add this since both are covered in the Bylaws, which are mentioned.

It was reiterated that a membership application could be approved with a simple majority vote of the membership. It was suggested that it would be possible to do this via email when needed.
If the applicant also wants to add items to the LDL, then a Submission Agreement with LSU would need to be signed by the institution and submitted to LSU.

- **Presentation on LSU Migration Plans**
  Gina Costello introduced the staff working on the LDL and gave a brief overview of what LSU is doing with their digital materials.

  LSU expects to have all member files migrated from ContentDM to Islandora by September 30, 2016.

- **Adjourn**
  Deborah Poole made a motion to adjourn; Lonnie Beene seconded and the meeting ended at 3:27 p.m.

**Attachments:**
- Sign-in Sheet
- Report from the Chair
- Draft membership Application
- Suggested Bylaws Changes

Louisiana Digital Consortium
Fall Membership Meeting
November 12, 2015

Report from the Chair

The executive Board has met five times since the Spring Membership Meeting held on 7 April 2015.

On 6 August 2015 we signed a Memorandum of Understanding with LSU Libraries that sets forth the intended future scope, management and online support for the Louisiana Digital Library. The Memorandum of Understanding was written under the guidance of Peggy E. Hoon, Director of Copyright Policy and Education for LSU Libraries. In accordance with the MOU the LDC oversees the Louisiana Digital Library in agreement with its by-laws, the LDL collection policy and the Louisiana Digital Consortium metadata and scanning guide lines. LSU Libraries is responsible for providing and maintaining the hosting platform for the LDL. This year using funds collected last year we renewed the LDL’s license for CONTENTdm the current hosting platform for the LDL.

Content Providers to the LDL must be LDC members or partnered with a current member of the LDC to contribute content to the Louisiana Digital Library. As part of our arrangement with LSU Libraries content providers must sign a LDL Submission agreement with LSU Libraries. Submission Agreements were sent out on 14th of August and all but one the charter LDC members have returned signed submission agreements, LSU being exempted.

1. The Historic New Orleans Collection
2. Louisiana Tech University
3. Loyola University New Orleans
4. LSU Health Sciences Center, New Orleans
5. LSU Health Sciences Center, Shreveport
6. McNeese State University
7. Nicholls State University
8. Southern University
9. State Library of Louisiana
10. Tulane University
11. University of Louisiana, Lafayette
12. University of Louisiana, Monroe
13. University of New Orleans

In September Stanley Wilder, resigned as treasurer of the LDC. We had a total of $108,390.00 in our account at the time of Stanley’s resignation. A recommendation has not be made to the executive board on someone to complete Stanley’s term as the executive board felt it was important to first increase the
potential pool of candidates by opening the opportunity to serve to a greater number of LDC members. Our by-laws currently limit officers to be consortium representatives from member institutions in good standing with 5,000 or more items in the LDL. Hence the proposed by-law change to only needing 1,000 images in the LDL to serve as an LDC officer. After today’s vote on by-laws the potential pool of candidates will be reviewed and a recommendation will be made for the executive board’s approval to fill the vacant treasurer position.

In October we paid OCLC $18,713.93 to renew the LDL’s license for CONTENTdm. We should have $89,676.07 remaining in our account. The agreement with LSU Libraries for the LDL reduces costs this year to just the OCLC payment. The board decided not to invoice LDC members this year and to pay the license fee from existing funds collected last year.

The Executive Board met on September 23 to review the by-laws for changes and updates. The by-laws were written with the vision of the LDC being incorporated by the state and having to maintain the LDL on its own, that is not what has been established and so the board is suggesting certain changes to the by-laws. We will be voting on those changes shortly.

Current activities of the executive board include approving a membership application for the LDC. We are also considering what if any LDC membership fee should be charged. It has also been noted that we need to have some sort of logo created for the LDC. With the board’s approval LSU will be moving the LDL from its CONTENTdm platform to Islandora and Gina Costello Assistant Dean for Technology Initiatives with LSU Libraries will be presenting LSU plans to us today.
